

Find these maths words in the grid - they can run in any direction - up, down, backwards, even at an angle - but always in a line.

- | | | |
|--------|------|--------|
| ADD | FOUR | OVAL |
| CIRCLE | HALF | SQUARE |
| COUNT | NINE | TEN |
| EVEN | ODD | THREE |
| FIVE | ONE | TWO |

When you find all the words, there will be 8 letters left over. Write them in these boxes to find the name of a mystery shape!
